

Belle Meade is one of Nashville's most luxurious neighborhoods. Home to football players, entertainers and politicians alike, this area has a rich history marked by beautiful sprawling estates. With easy access to the city, Belle Meade is central to Nashville but seems removed from the city atmosphere.

The Neighborhood

Belle Meade, which means beautiful meadow, is a small city between Hillsboro and Harding Pike and bordered by Warner Parks and Woodmont Boulevard. Many of Nashville's earliest wealthy families settled in Belle Meade, including the Cheeks of Maxwell House Coffee fame and the Hardings, whose plantation lent the community its name. It's a luxurious community and sits just a few miles south of downtown Nashville, making it ultra-convenient for businesspeople and socialites alike.

The Market

The community has a timeless, almost European feel and offers a mix of plantation style estates, charming Tudors, and mid-century modern homes. Your neighbors will be a mix of Nashville's top entertainers, CEO's, and politicians.

The Lifestyle

As one of Nashville's most affluent neighborhoods, Belle Meade offers premier opportunities for a luxurious lifestyle. Locals flock to the Warner Parks and Cheekwood Estate and Gardens on sunny weekends, and Belle Meade Country Club offers a private oasis for the area's top golfers. The entire city feels like a city park, with gorgeous homes featuring sprawling manicured lawns. Swanky spas, fitness clubs, and fine dining establishments abound to keep residents busy.
